

भारत सरकार GOVERNMENT OF INDIA  
रेल मंत्रालय MINISTRY OF RAILWAYS  
रेलवे बोर्ड (Railway Board)

No.2004/M(C)/137/8

New Delhi dated 01.01.2018

Principal Chief Mechanical Engineers,  
All Zonal Railways.

Sub: Provision of camera at rolling in points.  
-----

In order improve the quality of rolling in examinations and to improve safety of train operations, it is essential to provide additional systems for obtaining the status of under-carriage of the coaches. One of the methods to visually examine the under-carriage of a coach while in motion at the rolling in/rolling out points is by providing good quality camera between the tracks so that the status of the entire underframe of a coach is visible and can be recorded. This would enable additional level of safety during rolling in/rolling out examinations.

2. Board (MRS) desires that immediate steps be taken by the Zonal Railways to provide such systems at all rolling in/rolling out examination points. Timeline for provision of such a system may be advised to Board within next 15 days.
