Journey towards digitisation started in 2005 with the launch of E-procurement and was expanded to cover 262 field units in 2015 #IT4Rail

Indian Railways Digitisation Journey

Digitisation Journey....

Government e-Marketplace (GeM)

- GeM - Government e-Market Place where Government buyers to procure on GeM
- One stop Online Market Place for common use goods and services for government users.
- Central public procurement platform for end-to-end procurement of goods, services and work contracts
- Buyer and vendor register online based on self certification and authenticated with linkages to Aadhar, etc.

- **GeM may be utilized by Government buyers (at their option) for direct on-line purchases as under:**
 - **Upto Rs.50,000/--- through any of the available suppliers on the GeM, meeting the requisite quality, specification and delivery period;**
 - **Above Rs.50,000/--- through the supplier having lowest price amongst the available suppliers on the GeM, meeting the requisite quality, specification and delivery period.**
- **GeM will also provide tools for online bidding and online reverse auction which can be used by the Purchaser.**

GeM Development: Key features

- ❑ Greater transparency, efficiency and speed
- ❑ Relieves public agencies of repetitive tendering and provides choices.
- ❑ Cuts down on administrative and transaction costs
- ❑ Multiple choice of procurement methods: Direct Purchase, L1
- Buying, e-Bidding, Reverse Auction
- ❑ Demand Aggregation : Leveraging economies of scale

IREPS (Indian Railway E-Procurement System)

IREPS is an official website of Indian Railways for procurement of Materials. The site is developed by CRIS using the latest technology and security features. Salient security features deployed include asymmetric cryptography, PKI enablement, digital signature, 128 bit 'VeriSign' SSL etc. apart from other security features like user name, password, digital authentication, role based action/access privileges, audit trail, time synchronization.

The site provides a secure platform to users for online transactions for procurement, sale and works tender. The site caters to requirements of all 16 Zonal Rlys. and 6 Production Units apart from RCF/RBL, RDSO, NF/Const. and Railtel. Site can be used for material procurement by PCMM/PCE of Zonal Railways and PCMM of Production Units. PCMM of zonal Railways and production Units can also use the website for Auction of scrap and unserviceable materials.
